

## **National Youth Innovator's Challenge 2024**

### **Congratulations!**

Your project has been selected for the National Youth Innovator's Challenge 2024 grand finale! We're thrilled to have you present your innovative ideas on 9th November 2024 through online mode.

### **Instructions for Your Presentation:**

**PowerPoint Presentation:** Prepare a 10-slide presentation, including a digital prototype of your solution.

**Time Limit:** Each team will have a maximum of 7 minutes to present including 2 minutes of Q/A session (Presentation will be done by the team leader).

**Focus Points:** Highlight the problem, your solution, and its environmental impact.

**Practice:** Ensure clarity, conciseness, and confidence in delivery.

**Deadline for Submission:** Submit your final presentation by 8th November for review.

Best of luck, and we look forward to your outstanding contributions to a sustainable future!

## **Format of Proposal Report**

Participants are requested to adhere to this template while preparing the proposal report.

1. **Title Slide** – Project title, team name, school, and about idea.
2. **Problem Statement** – Theme name, Define the issue tackled under the specific theme.
3. **Objective** – State the main goal of the solution.
4. **Research Background** – Key data or insights supporting the need for this solution.
5. **Solution Overview** – Describe the idea or solution concisely.
6. **Prototype Demo** – Visuals or a walk-through of the digital prototype.
7. **Innovation Highlights** – Unique features or innovations within the solution.
8. **Feasibility** – Discuss practical implementation, scalability, or estimated costs (Startup View).
9. **Impact** – Outline the expected environmental and social benefits.
10. **Conclusion & Call to Action** – Summarize and end with future plans or a compelling call to action.
